Sell your switch, maybe sell your iphone for a bit of money and buy a burner phone, or just general gaming accessories? Temporary measures to make sure you get some cash to keep your place for the beginning of the year. Once you're past that (+after getting your bits 2 months later), you can get a switch again if you really want it.

[13:37] <mudai> I will jump back into SF5 next month #TeamSakura

[13:37] <bethelewd> dspFacepalm

[13:38] <i\_came\_here\_to\_something> @Deftonessstr Looks? Depends. SFV's got better animations. Plays? Also depends. They cleaned up a lot of stuff w/ SFV's input lag and certain balancing since the launch.

[13:38] <bethelewd> even kekon dont stand a chace :(

[13:38] <trihard4liife> if I want to get into fighting, should I wait for the new street fighter game to come out? complete noob btw

[13:38] <mudai> rip kekkon

[13:39] <bethelewd> poor kekon

[13:39] <bobbi\_ling> what new sf game? the anniversary thing?

[13:39] <trihard4liife> hmm.. cmonBruh

[13:39] <mudai> @TriHard4Liife honestly SF5 2 years ago was the best opportunity to jump into Street Fighter. But AE next month is still a good point

[13:39] <josefdabest1> but i got my sights on Fighter Z instead that game is gonna amazing!

[13:39] <kekon3> ggs my dude

[13:39] <mudai> DBFZ if you like anime fighters, since that game is new everyone will start from scratch

[13:39] <i\_came\_here\_to\_something> @TriHard4Liife If you buy SFV right now I think you get a lot of Fight Money and some of the AE stuff for cheap (maybe all of it). You can find deals for SFV right now and stuff for the Season Passes

[13:39] <divanerasmus> @DarksydePhil When will you take your rightful place as the Fighting EX Layer tournaments Champ ?

[13:39] <bethelewd> i played as all 6 chars in this beta and i only like skullo and darun :D

[13:40] <i\_came\_here\_to\_something> @TriHard4Liife Of course. They just finished Capcom Cup earlier this month, the new AE trailers were very well-received.

[13:40] <bethelewd> bobbi i do like fighting games but i know i am absolute SHIT at them  
[13:41] <trihard4liife> I like dsp completely insults other players because of lag and cheap tactics lol  
[13:41] <two\_bar\_king> kick his ass phil  
[13:41] <mudai> I just wish we could live in a world were we don't have to insult others just because they have a shitty internet connection...

[13:41] <vendatus> Sora playing a fighting game waiting for KH3 release LUL  
[13:41] <markmccauley> Will SFV:AE still have 8 frames of lag?  
[13:41] <josefdabest1> i feel bad for Phil he's gonna be so lost when he plays kingdom hearts 3 he's missed out on 5 games leading up to 3 lmao

[13:41] <elzorrobot> master tactic  
[13:41] <rx93gundamm> he t bagged at the end HAHA  
[13:41] <mudai> I'm seriously sick of people on Twitch and pretty much everywhere insulting others for nothing. There's so much bad in this world, so many shitty people, who get pass, but because you have a laggy connection you're an "asshole" and a "fucking idiot"?  
[13:42] <i\_came\_here\_to\_something> @Markmccauley No. and currently SFV has something like 6 or 5. There's 4 frames Capcom can't do anything about b/c Epic's Unreal Engine 4 has that built in and they have to release a patch mid next-year to fix it.  
[13:42] <markmccauley> @Bobbi\_Ling 0 frames of lag?

[13:46] <bobbi\_ling> sakura x blanka  
[13:46] <mudai> hell yeah  
[13:46] <i\_came\_here\_to\_something> @Channel33 Depends on what you're looking for. SFV's not nearly as bad as Phil says it is, Tekken 7 has a good number of players around, and Injustice 2 just won Fighting Game of the Year at the Game Awards Kappa  
[13:47] <josefdabest1> @Channel33 if you want a casual fighter that doesn't have much depth or much of a learning curve Injustice 2 if you want a serious fighter that requires a ton of time investment with a big learning curve then Tekken 7 for SFV idk haven't played it  
[13:47] <mudai> Injustice 2 only won that because of its Story Mode Kappa  
[13:47] <deftnessstr> SFV is just bad...thats all...No need to talk about it  
[13:47] <josefdabest1> @I\_Came\_Here\_To\_Something pffft are you serious!? Injustice 2 is an unbalanced mess  
[13:47] <channel33> SF5 is downloading its 25%  
[13:47] <channel33> Arcade edition might just pull it off  
[13:47] <mudai> I love how Phil said we're not talking about anything, meanwhile the whole chat is talking about fighting games... #bubble  
[13:47] <josefdabest1> spam Superman's heat vision and win there is literally nothing your opponent can do unreal man

[13:48] <bethelewd> who won that match kekon or phil?  
[13:48] <mudai> phil  
[13:48] <wxrxaxtxh> Kekon  
[13:48] <bethelewd> typical  
[13:48] <i\_came\_here\_to\_something> @mudai Yeah, i think that's obvious LUL . @josefdabest1 I don't follow the game at all so I guess you might be right on that  
[13:48] <rx93gundamm> @mudai That isnt true phil is making random noises  
[13:48] <kekon3> Rude Kappa  
[13:48] <bethelewd> kekon letting me down again  
[13:48] <deftnessstr> @Channel33 There's no EDITION can save SFV being trash... The core game and netcode is shit and nothing can fix that  
[13:48] <channel33> :/  
[13:48] <mudai> @rx93gundamm LUL  
[13:48] <bloodmoonthx> hellooooo  
[13:48] <rx93gundamm> i am not a childrens entertainer  
[13:48] <theycallmejimbob> hello hello BloodMoonThx  
[13:48] <i\_came\_here\_to\_something> @Deftnessstr That's just...your opinion, man :/  
[13:48] <channel33> but it's the only fighter that has a big community where i can get matches whenever i want  
[13:49] <channel33> and on a yearly basis  
[13:49] <deftnessstr> There's NO OPINION on SFV being trash  
[13:49] <sensfan42> is phil playing on a gamepad?  
[13:49] <deftnessstr> its a FACT  
[13:49] <vendatus> Kekon just win a round Kappa  
[13:49] <mudai> stick  
[13:49] <josefdabest1> @I\_Came\_Here\_To\_Something trust me Injustice 2 is one of my most regretful purchases ever i will NEVER buy a game from netherealms again they cannot make a fighting game 0 balance no care was put into balancing and fair game they put most of their efforts into it's story mode which was good but after that you got nothing to do since the netcode is garbage aswell overall a terrible game to play online  
[13:49] <bloodmoonthx> wth is this game

[13:49] <josefdabest1> hopefully Fighter Z won't end up the same way  
[13:49] <bethelewd> kekon who you gunna try next skullo or darun :D  
[13:49] <theycallmejimbob> he did it VoHiYo  
[13:49] <channel33> skullo is love skullo is life skullomania is runnign wild  
[13:49] <bethelewd> after you lose this :D  
[13:50] <i\_came\_here\_to\_something> @Channel33 It's just one guy's opinion and imho it's a faulty one. Have an open mind and try it yourself, and see how you feel about it. If it's not the game for you you can still try stuff like Tekken 7 (tho it has a steeper learning curve)  
[13:50] <josefdabest1> dude Injustice 2 has massive chip damage just show you how little the developers cared  
[13:50] <infinite\_55> Hey Phil, how is the stream thus far? holidaycheer100  
[13:50] <vendatus> now win again LUL  
[13:50] <channel33> I like sf5 but its fatal flaw is the limited offline experience

[13:51] <kekon3> lmao

[13:51] <i\_came\_here\_to\_something> @josefdabest1 thankfully it wasn't really on my radar. Looked good at launch tho, great production values I just don't like the NRS style of fighting games :/  
[13:51] <elzorrobot> Phil I'll play with you when Soul Calibur 6 comes out if you get in for PS4  
[13:51] <bobbi\_ling> who cares about offline modes in a fighting game? i know i dont

[13:51] <rx93gundamm> fighting against the guy whos runing the stream is more entertaining than watching kekon. hes terrible.  
[13:51] <josefdabest1> @I\_Came\_Here\_To\_Something you made a good choice outside the story mode and graphics Injustice 2 is just an overall ugly game to play if you catch my drift  
[13:51] <vendatus> LUL  
[13:51] <elzorrobot> even though I suck at fighting games

[13:52] <kushiyakitori> @josefdabest1 Yes it is. This guy was the first Darun he played today

[15:46] <iradiumviking> I played through kotor but when playing kotor2 i felt it was the exact same game  
[15:46] <doctorzzz> they should add toppo too  
[15:47] <kingofhypocrisy> @HinDae didn't they just add achievements  
[15:47] <bethefueg> beerus is too technical a fighter for phil to master  
[15:47] <doctorzzz> big grappler toppo  
[15:47] <kinggoken> i wanna see Jiren and Toppo in FighterZ  
[15:47] <bethefueg> hit would be OP  
[15:47] <bobbi\_ling> i liked kotor 1 better  
[15:47] <kekon3> lemme get back on I guess  
[15:47] <mastersaruwatari> Beerus don't look that technical.  
[15:47] <kozatof> @iradiumviking you has to get restored content mod  
[15:47] <hindae> And some content that coincided with a major mod  
[15:47] <kingofhypocrisy> Kotor 2 is bugged on windows 10, i can't play it anymore when it was fine on 7  
[15:47] <doctorzzz> he is not you need to watch super  
[15:47] <doctorzzz> LUL  
[15:47] <kinggoken> dsp brings up a good point about Beerus  
[15:47] <encelor> king xeno or zeno is the boss  
[15:47] <fluffymoochicken> @DarksydePhil will you ever make sonic unleashed a patreon goal?  
[15:47] <mastersaruwatari> phil makes a good point.  
[15:47] <psyoctopi> no whis is stronger  
[15:48] <kinggoken> Beerus is a monster. No one is stronger than him  
[15:48] <bethefueg> that orb move and how he manipulates it seems technical  
[15:48] <kinggoken> in Univesrse 7  
[15:48] <superslygaming> im the bouse TriHard  
[15:48] <bethefueg> Whis is stronger than Beerus  
[15:48] <doctorzzz> goku with ultra would woop beerus ass  
[15:48] <kinggoken> well..i guess Whis is stronger  
[15:48] <doctorzzz> and whis is the strongest  
[15:48] <i8\_nexus> Goku is a bitch  
[15:48] <mastersaruwatari> Goku Black has a command grab.  
[15:48] <i\_came\_here\_to\_something> Whis is the strongest? Doesn't look like it but then again it's DB  
[15:48] <rukiaxplaynetwork> lol I just found a hacker  
[15:48] <encelor> super saiyan powers have been nerfed in the new dragon ball series  
[15:48] <kinggoken> yeah Whis can own beerus  
[15:48] <fluffymoochicken> dragon ball super is not good btw :(  
[15:49] <mis\_diego> @rukiaxplaynetwork where  
[15:49] <rukiaxplaynetwork> no its not  
[15:49] <rukiaxplaynetwork> in this gamw  
[15:49] <bobbi\_ling> chiaotzu is stronger than beerus  
[15:49] <rukiaxplaynetwork> game  
[15:49] <bethefueg> whis mops the floor with Beerus  
[15:49] <kinggoken> dragon ball super is TIGHT  
[15:49] <doctorzzz> what ? super is really good

[15:49] <chairmancaleb> Super has its moments, but overall, it's not that great.  
[15:49] <bobbi\_ling> in the cuteness category LUL  
[15:49] <mastersaruwatari> yeah it's not that great.  
[15:49] <hiddenninjablade> Don't remind me of that tingly feeling crap  
[15:49] <encelor> they made super sayain powers weak  
[15:49] <kekon3> well, I got a match, but it wasn't you  
[15:49] <mis\_diego> super is overrated  
[15:49] <markymark52> cheer50 when you get some extra money you should invest in the new Dual Shock Model. You can have the option to do wired connectivity.  
[15:49] <bethefueg> Super is pretty good  
[15:49] <mis\_diego> it's ass  
[15:49] <rukiaxplaynetwork> dbzs is not that bad  
[15:49] <dmgdealer92> Oh tingly feelings it's bullshit  
[15:49] <kinggoken> lol the animation is bad most of the time  
[15:49] <coralguy> nothing beats the freiza saga  
[15:49] <bethefueg> the latest episodes have been amazing  
[15:49] <mis\_diego> yeah it looks terrible  
[15:49] <megarager> Super is good. It's just not DBZ, so yeah.  
[15:49] <rukiaxplaynetwork> there trolling u  
[15:49] <kinggoken> yeah it does have bad animation. Only thing i do n't like about super  
[15:49] <dmgdealer92> Animation has gotten better  
[15:49] <megarager> Animation has gotten a bit better.  
[15:49] <mastersaruwatari> I am behind on super dub.  
[15:50] <doctorzzz> the animations got redone mostly  
[15:50] <fluffymoochicken> it is really boring right now, a lame tournament with lots of throwaway villains that's lasting like 30+ episodes  
[15:50] <mastersaruwatari> i need t ocatch up.  
[15:50] <rukiaxplaynetwork> yeah  
[15:50] <i\_came\_here\_to\_something> DBZ looks better than DBS; it's the art direction that's the issue  
[15:50] <bethefueg> animation is better  
[15:50] <mis\_diego> generic anime soundtrack  
[15:50] <great27> Are you getting Dragonball Fighterz DSP?  
[15:50] <rukiaxplaynetwork> it don't look good lol  
[15:50] <encelor> super sayain instinct almost lost to a super sayain 1 fusion  
[15:50] <bobbi\_ling> og dragonball > z  
[15:50] <fluffymoochicken> YES, exactly DSP  
[15:50] <encelor> fking ass  
[15:50] <kushiyakitori> there are very little "villains"  
[15:50] <i\_came\_here\_to\_something> DBZ has better choreographed fights.  
[15:50] <mis\_diego> uninspired characters  
[15:50] <rukiaxplaynetwork> lol cant find any one lol  
[15:50] <i\_came\_here\_to\_something> YuYu's better than DBZ  
[15:50] <doctorzzz> dragon ball z dragged way more than super lol  
[15:50] <kushiyakitori> in thr tournament at least  
[15:50] <chairmancaleb> Super was never even supposed to exist, so...lol.  
[15:50] <encelor> YuYu is 1000x better than dragon ball super  
[15:51] <doctorzzz> cell and buu saga went on forever  
[15:51] <superslygaming> everyone went back to tekken Kappa  
[15:51] <encelor> new super sayain thing is crap  
[15:51] <coralguy> my favorite anime movies are akira and ghost in the shell  
[15:51] <chairmancaleb> Toriyama giving the greenlight to Super was a questionable decision for fans, but an amazing decision for making money.

[15:51] <mastersaruwatari> cheer25 Have you seen anything from My Hero Academia yet? I think you will really like it. Same goes for Hunter x Hunter. From the same guy who does Yu Yu.

[16:17] <eyesonwater> good sport mike  
[16:17] <mastersaruwatari> @dweebenheimer20 he is a fighting game god then.  
[16:17] <gamerzilla1001> Resorting to repetitive tactics to win rather than being adaptive and open in a fight is  
what typically gets players defeated  
[16:18] <wxrxaxtxh> wheres the homie sorenkey when you need him  
[16:18] <encelor> i have not heard of that game since the xbox  
[16:18] <encelor> LUL

[16:19] <stratman1909> maybe they played against really good people  
[16:19] <mastersaruwatari> @Gezora1999 talking about the control setting.  
[16:19] <eyesonwater> seems he avoiding the zoning maybe doesnt wanna be cheap  
[16:19] <mastersaruwatari> @yolodopper uh...where are you from? If you don't mind me asking.  
[16:19] <gamerzilla1001> wow phil has definantly improved rather than accuse the game on being broken or  
blaming bad luck he seems to genuinly push himself to improve and overcome his downfalla its good to see that  
[16:20] <gezora1999> @Patrickb1973 he won't know the total amount until January when taxes are due for 2017  
[16:20] <gutty333> so when you break up with a fiance do they give the ring back?

[16:21] <jo\_bolt> ?  
[16:21] <yolodopper> @MasterSaruwatari pakistan  
[16:21] <gamerzilla1001> well true I feel a huge disadvantage to streaming is thst you feel rushed and pushed to beat a game rather than take your own pace to play so a little practive before hand helps  
[16:21] <encelor> @Jo\_Bolt you got to win 3/3  
[16:21] <mastersaruwatari> @yolodopper oh no wonder. You should get out of there.  
[16:21] <thatanonyraccoon> pakistan dspEw

[16:55] <mastersaruwatari> cheer25 congrats on 100 wins!  
[16:55] <pcgamehunter> Precisely Jimbob GOG is like the last bastion of good game distribution  
[16:56] <theycallmejimbob> dspPepe NITW didn't make the running for the Christmas marathon

[16:56] <pcgamehunter> If GOG goes away i'm moving in to the Caribbean bay Kappa  
[16:56] <i\_came\_here\_to\_something> I just wish GOG had more games. They need Blade Runner.  
[16:56] <thatanonyraccoon> @theycallmejimbob i didn't even nominate it, he really doesn't want to touch it  
[16:56] <encelor> got to play free game and got 2 games out of it  
[16:56] <thatanonyraccoon> such a waste  
[16:56] <theycallmejimbob> dspPepe someday RaccAttack

[16:56] <robestis> Duh yea got a free copy of pacman out of it  
[16:56] <robestis> doctorPUNK  
[16:57] <pcgamehunter> @I\_Came\_Here\_To\_Something Well GOG has the no DRM policy, so if the game has it. The devs have to remove it before it can be put on. Also some devs like their DRM so they won't make it either  
[16:57] <pcgamehunter> That's why new Hitman isn't on it either. That shit is like Sim City level DRM LUL  
[16:57] <encelor> Dix out for nagito  
[16:57] <dweebenheimer20> fuck DRM  
[16:57] <encelor> Denuvo seems to trigger people for some reason  
[16:57] <pcgamehunter> Also WTF nightbot you sick fuck DansGame  
[16:57] <rukiaxplaynetwork> lol  
[16:57] <encelor> dunno why Keepo  
[16:57] <thatanonyraccoon> you cant even really play new Hitman on console unless youre online  
[16:58] <theycallmejimbob> Sega delayed the PC release of Sonic Mania by 2 weeks so they could include denuvo always online drm dspPepe  
[16:58] <borisstingy> Would be cool to see Phil tackle Mega Man 7, Mega Man 8, and Mega Man 9 since the Legecay Collection 2 came out a few months back.  
[16:58] <pcgamehunter> You mean that thing that doesn't work anymore dspHmm @encelor ?  
[16:58] <i\_came\_here\_to\_something> It's not a DRM issue for Blade Runner @pcgamehunter the game has none. It's prob an IP/rights issue and Westwood (the dev) is out of business. Prob coming down to licensing cost reasons it's not there sadly.  
[16:58] <kingofhypocrisy> I thought the new hitman games were all casual easy mode  
[16:58] <pcgamehunter> But yeah people are acting like Denuvo are templars coming to burn their house down and rape their family LUL  
[16:58] <encelor> @pcgamehunter no clue what you talking about stranger Keepo  
[16:58] <channel33> shes not the worst phil  
[16:58] <mastersaruwatari> great ending to an awesome stream.  
[16:58] <dweebenheimer20> @pcgamehunter fuck DRM  
[16:58] <mastersaruwatari> 101-27  
[16:58] <theycallmejimbob> true that PC dspHmm  
[16:58] <thatanonyraccoon> i'd rather they rape my family then make my games always online  
[16:59] <channel33> if phil wins with somebody theyre usually broken high tier like darkseid in injustice when phil said "hes not broken"  
[16:59] <eyesonwater> even garuda got better basics and good dmg  
[16:59] <pcgamehunter> @I\_Came\_Here\_To\_Something yeah that's the other reason. Didn't some game get removed from GOG, because of that  
[16:59] <fluffymoochicken> you did really good with her :)  
[16:59] <infinite\_55> Man Phil's really good at this game!  
[16:59] <theycallmejimbob> least the overall user review score wasn't badly affected dspHmm  
[16:59] <kingofhypocrisy> Her Artwork doesn't look much like the character model  
[16:59] <encelor> i got denuvo on star ocean i played it offline

[16:59] <pcgamehunter> I love the art design for these characters :D  
[16:59] <mastersaruwatari> 74 games over 500.  
[16:59] <encelor> no need for online
